

1. Do any of your cities offer memberships to health clubs? Does the city help with membership fees or have any other incentives for their employees to become members?

Ours does a separate check but it is taxed as usual.

Debbie Hamilton, CMC, Deputy City Recorder OAMR Region IV Director City of Sutherlin

Subject: [OAMR] health clubs

For those of you that emailed me and said that your city pays for some or all of a health club membership for employees - is the amount the city pays added to the employee's paycheck and taxed as a benefit?

2. Does anyone out there have an ordinance in place yet to allow the city to submit a statement to the voter's pamphlet for a ballot measure that was put on by someone other than the council?

Nancy Batchelder, City Recorder
City of Yachats

* Corvallis will soon be discussing this issue and I should have the ordinance from the City Attorney tomorrow ...will forward to you all when I get it ... kathy

* Oh Golly, I am so glad we are done with that, but here is the one we did (Ordinance) this year.

Melanie Maben
Asst. to City Manager
City Recorder
City of Molalla

* We have approved resolutions that support a measure before, but the Council does not have an ordinance in affect that says they can. We were not aware that you have to pass an ordinance as such.

Apryl Denman, CMC
Carlton Recorder

** I need to draft one too...so help would be good!*

Cathy
