

**President's Award of Distinction
Susan Reeves, CMC
City of Scappoose**

The President's Award of Distinction is awarded to an OAMR member who has contributed greatly to a committee or has performed exceptional work for OAMR. Areas of nomination include leadership; OAMR Committee work; lifetime achievement; OAMR programs or educational development, or other areas of demonstrated professionalism.

Nominations for this award are accepted only from within the membership. The recipient of this award receives a complimentary registration to attend next year's conference in Keizer, and most excitingly, gets to bask in the recognition of her peers.

The award goes to an OAMR member since 2002 and an IIMC member since 2004. Since joining OAMR, this member quickly became an integral part of a very important subcommittee of the Conference Committee. She chaired this particular subcommittee for six years, probably one or two years longer than she really wanted to, but OAMR could always count on her to step up and volunteer. She earned the respect from everyone she worked with, both from within our organization and external businesses alike. Her coordination of our vendors' participation cemented many successful conferences and will continue to benefit OAMR for years to come.

She is also a region director who has served in this capacity the past four years. She represents her region well with consistent attendance at Executive Board meetings, and is always a sunny face and a joy to work with at Board meetings and Committee meetings.

I am honored to present the President's Award of Distinction to Susan Reeves, Scappoose City Recorder and Region I Director.

The award goes to a member who has done it all. She is the hardest worker I know, having served on most, if not all of our OAMR committees at one time or another since joining our organization in the 90s.

Aside from the committee work all these years, the recipient is recognized for her continued dedication and passion for OAMR. Although she moved a little further north to start a new position in April 2008, she remains very active with OAMR and served on Scholarship, Conference, Education, and Special Projects Committees this year. She also shares her knowledge by responding to questions from fellow recorders on the OAMR list serve. Her support to OAMR is valuable and absolutely irreplaceable. OAMR appreciates the time and energy she continues to provide to our organization.

A true fan of OAMR, the recipient is a Past President, an honorary member, and no one can show me the money like she can. The President's Award of Distinction goes to Debbie Jermann, MMC, Clerk of the Board for C-TRAN.
